

Monday	Tuesday	Wednesday	Thursday	Friday
October 29 <i>Mrs. Bartlett visits BIS</i> BLAST LearningWorks Creativity Challenge Invitation	October 30 Teen Trendsetters or Math Games	October 31 	November 1 Last Day of Clubs Fuzzy Reward Celebration	November 2 NO BLAST
November 5 STEM Challenge	November 6 Teen Trendsetters or Math Games	November 7 Early Release Day No BLAST	November 8 STEM Challenge	November 9 NO BLAST
November 12  Veteran's Day No School	November 13 Teen Trendsetters or Math Games	November 14 Parent Teacher Conferences 3:30-7:00 No BLAST	November 15 UNE Swimming Trip 	November 16 NO BLAST
November 19 STEM Challenge	November 20 Early Release Day No BLAST	November 21 No School	November 22 	November 23 NO BLAST
November 26 STEM Challenge	November 27 Teen Trendsetters or Math Games	November 28 LearningWorks Traveling Librarian Presents I'm New Here	November 29 LearningWorks Traveling Librarian Presents I'm New Here	November 30 NO BLAST

Please send back the permission slip for the UNE swimming field trip. Also please contact Becca Cote on any day that your child will not be attending BLAST as well as the front office or classroom teacher.

In STEM we will explore the Boston Museum of Science (BMS) Engineering Unit- Rockets and Rovers. In each of the units two characters India and Jacob introduce the design challenges. Here is an overview of the unit. Jacob is at NASA's Jet Propulsion Laboratory learning how to engineer rovers that can be used to explore faraway worlds. Meanwhile, India is learning about the trade-offs and variables involved in engineering a rocket as she blasts off to the International Space Station. Kids will engineer rockets and rovers to help India and Jacob explore several planets and moons in our solar system.
